

Canadian Diabetes Awareness

New Brunswick Chair/Liaison

Executive N-1

23rd February 2014

To begin with, I want to say that we as a committee were not happy with the final totals for the annual Tag Day. For the totals collected within Canada for 2013, we only managed to collect the total of \$ 31,754.09.

We are hoping that Tag Day 2014 will be better, and these will be held from the 15th November 2014, Please do not collect for the first two weeks in November because that time belongs to the Veterans Poppy Campaign.

Although we only had six clubs take part in the 2013 Campaign I was very happy with the returns. Altogether we were able to collect \$ 1,665.19. Many thanks go out to all of those clubs who did take part.

Diabetes Cavalcade 2013.

This years Cavalcade was hosted by the New Castle Lion's Club and Chaired by Lion Frank Mills who done an exceptional job. LION frank was a little disappointed in the turn out because we only had nine clubs show up for the parade around the city. Even though we only had those six clubs in attendance we still had approximately \$20,000.00 time we received cheques from the clubs. This years Cavalcade will be hosted by the Zone 13 clubs chaired by Lion Wayne Hicks and Zone Chair Lion PDG Sonny Bonnell.

One thing I would like to ask of you all as Lion's this year is, could you please send your donations into the Chairperson and not directly to the CDA office. It makes it very hard for the Chairperson to make up their report when we have cheques coming in after the Cavalcade

Since we have very little time after the Cavalcade to get our totals together, we need to be able to be able to present the cheque at the Camp Diabest to the CDA

Remember, these monies help send up to 65 children to the camp every summer which makes it free for the parents.

In reference to the Harry Newman Award, if your club wishes to purchase an award for a Lion you must send in all \$800.00 at one time. This award was changed due to the problems of keeping up to date with donations when we were able to send it in by lots.

Just a final note, if you wish to order supplies for the Cavalcade please E-Mail me at hborden1170@g-mail.com and I will get the items ordered for you.

As pins this year, I will be ordering another 100 and I will have them at the Officers School in New castle in April.

Finaly, before I close this report I would like to say personally that I have enjoyed this past four years as your Diabetes Awareness Chairperson.

Respectively Submitted

Lion Harold E Borden
