

District N1 Leo Report

Feb,23 2014

At present, our district Leo situation has unchanged. Many unsuccessful attempts been made to make the Greater Moncton Leos Club move forward but it seems that the choices available ,at least in Riverview, are so many that parents have to place a limit on what their children choose to become involved in. One last attempt will take place at the Riverview High School, hopefully in the first week in March.

Portage Atlantic Leos are very involved into the community, as well as their assistance to their sponsoring club, which is Sussex Lions Club.

Will your club be our next sponsor of a Leo Club?

Respectively submitted
